Dear Sirs/Madam:

Arkansas State District Court Judges respectfully request a salary increase totaling an increase of 7%, 2% given in February, 2022, by Governor Hutchinson and an additional 5% given by the Governor in May of this year. This would mean that state district judges will be afforded the same pay increase as state employees.

Thank you for your work on behalf of Arkansans!

Sincerely,

Reid Harrod

Re: Request of Arkansas Judicial Council

Dear Commissioners:

I write this letter as the President of the Arkansas Judicial Council. Members of the Arkansas Judicial Council include our state's circuit court judges (126), judges of the Arkansas Court of Appeals (12), and justices of the Arkansas Supreme Court (7).

I have been authorized by the Council's Board of Directors to request a cost-of-living adjustment for our state court judges. Governor Hutchinson granted a 2% wage increase for all state employees in February, citing record inflationary pressures due to the pandemic. In May, Governor Hutchinson also authorized state agencies to use an additional 5% of their total payroll costs for merit raises for employees, again citing the rising costs of living.

Over the last few years, the Commission has done an excellent job acknowledging the hard work of our state's judges. Judges and their staffs deal with difficult situations with individuals facing a variety of problems. We feel our response during the pandemic has been exemplary. We often put our own health at risk to ensure courts in our state remained open. Evidence of this includes our caseload clearance rate for all cases in 2021, which was 93%.

We thank you in advance for your fair consideration of our request.

Respectfully submitted,

Edwin Keaton

RE: Arkansas Prosecuting Attorneys

Dear Commissioners:

In anticipation of the Independent Citizens Commission meeting presently scheduled for Friday, September 30, 2022, I have been authorized by the Prosecution Coordination Commission to request a cost of living/salary adjustment consistent with any salary adjustment awarded to Arkansas Circuit Judges.

When the Commission first considered salary adjustments for Arkansas Prosecuting Attorneys, a decision was made to set the salaries of Division A Prosecuting Attorneys at 95% of the salaries of Arkansas Circuit Judges. The salaries of Division B Prosecuting Attorneys were set at 85% of Division A salaries. It is our request that any adjustments continue to maintain these percentages.

A representative will attend the upcoming meeting and be available to answer questions and provide additional information. The Prosecution Coordination Commission thanks you for considering our proposal.

Sincerely,

Bob McMahan

Re: Request of Arkansas Supreme Court

Dear Commissioners:

I am writing in my capacity as Chief Justice of the Arkansas Supreme Court and on behalf of the entire Arkansas Judiciary in support of the request for a cost-of-living adjustment for our state court judges and justices.

In February of this year, due to record inflationary pressures caused by the pandemic, Governor Hutchinson granted all state employees a 2% wage increase. In May, responding to the still-rising cost of living, Governor Hutchinson authorized state agencies to grant an additional 5% merit raise for all employees.

Our state's judges and their staff have responded admirably to the many changes and challenges brought on by the COVID-19 pandemic. Their perseverance in keeping our judicial system open and accessible to the citizens of this state despite the obvious health risks they faced is commendable.

In the past, this Commission has recognized the good work and dedication of our state's judges and justices. I hope you will favorably consider this request.

Sincerely,
